

**"It's easy" said Robert Blakey, with a big grin on his face as he receives his H1N1 (swine flu) vaccination from Sarasota County paramedic Michael Bull on Monday afternoon at the Charlotte County Health Department, 514 E. Grace St., Punta Gorda. Blakey, who turns 80 this month, and his wife Dorothy were pleasantly surprised at how smooth and fast their clinic visit was handled. "We thought we would have to stand outside in line, freezing" joked Blakey. Extra help was brought in to administer both the injectable vaccines and the nasal spray vaccine offered for healthy persons from age 2 through 49 years. For more information on getting vaccinated, go to [www.CharlotteCHD.com](http://www.CharlotteCHD.com) or call 211.**
