NEWS RELEASE

Charlotte County Health Department is Now Offering Dental Services
–New Dental Clinic is Open–

Port Charlotte (FL) – Charlotte County Health Department is pleased to announce that we are now offering dental services. The goal of our new dental clinic is to provide comprehensive oral health services to the underserved population in Charlotte County. We are currently taking appointments for children under eighteen years old with Medicaid. Charlotte County has approximately 10,000 children on Medicaid that are eligible for dental services.

“The response from the community has been tremendous,” said Mary Kay Burns, Charlotte County Health Department Interim Administrator. “We have already been able to improve the oral health and quality of life of many Charlotte County children.”

The health department dental clinic is having a small ribbon cutting ceremony on March 7, 2011 at 3:30 PM at 1100 Loveland Boulevard, Port Charlotte. The public is welcome to attend and tour our dental clinic.

The dental clinic is open Monday through Friday from 7:30 AM to 4:30 PM. It is conveniently located at 1100 Loveland Boulevard, Port Charlotte, in the same building where we offer health services, Women, Infants and Children (WIC) services, birth and death records, and administrative services. We will update our Website as our dental services expand to include other people in our community. Also visit our Website for dental tips and resources: www.CharlotteCHD.com. Call 941-624-7200 to make an appointment for your child.
